

RESOLUTION NO. 1-2016
CITY OF CLARK FORK, BONNER COUNTY, IDAHO

A RESOLUTION OF THE CITY OF CLARK FORK, BONNER COUNTY, IDAHO,
AUTHORIZING THE DESTRUCTION OF SEMI-PERMANENT RECORDS.

WHEREAS, Idaho Statute 50-907 requires all Idaho governmental entities to follow an orderly process in disposing of government information; and

WHEREAS, to comply with Idaho Statute 50-907 the City of Clark Fork has approved Resolution 5-2006 for managing governmental records including the proper retention and disposal of municipal records.

NOW THEREFORE BE IT RESOLVED, BY THE MAYOR AND THE COUNCIL OF THE CITY OF CLARK FORK, IDAHO THAT: The following Semi-permanent Records of the City of Clark Fork be destroyed by shredding after the required thirty (30) days written notification to the Idaho State Historical Society. (See attached sheets for list of box contents.)

OPINION OF COUNSEL

To: Clark Fork Mayor and Council

From: John A. Cafferty

Date: December 30, 2015

Re: Destruction of semi-permanent and temporary records

Pursuant to Idaho Code § 50-208A, this office has reviewed the two draft resolutions presented, the first authorizing the transferring of certain permanent records to the Idaho State Historical Society's Permanent Records Repository, and the second authorizing the destruction of certain clearly identified documents that have exceeded their necessary retention periods as outlined in Idaho Code section 50-907, and has prepared the following advisory comments. Given the strict timeframe within which this office must review the attached list of documents, our review can only isolate areas of concern and cannot provide in-depth analysis of each issue that may present problems. Further, under the statute, the recommendations are "advisory only." The City is free to "accept or reject them in whole or in part." The opinions expressed in this review are only those that may affect the legality of the document. This office offers no opinion with regard to the policy issues raised or the factual accuracy of the representations made therein.

I find the two (2) Resolutions to be legally sufficient for their stated purposes and therefore recommend that the City clerk place these items on the Agenda for consideration by the Council. Should you have further questions or concerns, please do not hesitate to contact me.

In addition to the resolutions I was also requested to opine as to the ability to "destroy" the records, as allowed under Idaho Code section 50-907, by allowing a third party to take-away the documents and "repurpose" them. Initially I was of the opinion that under certain circumstances this would be an allowable process. However, upon further

OPINION

Page 2

contemplation and consultation of the Idaho Public Records Act my opinion is that the City may not release the documents, but must either destroy the records, in the literal sense of the word, or retain them as a public record.

The reason for this is that the Idaho Public Records Act requires that all public records be made available to the public upon request. To the extent that the records are not destroyed they are still a public record and they must be made available to the public upon receipt of a proper request. Removing the documents from the City's custody and control does not relieve the City of its obligation to provide the records, or the liability that attaches to the City for not making the records available.

While it seems like a good idea to allow the documents to be saved from destruction, it is my recommendation that you not allow the records to be gifted to anyone. I suggest that the records either be destroyed, or retained by the City.

If you have further facts or question about this opinion please feel free to contact me.
